

AHMAD ABUBADER, DDS

General Dentist | Public Health Researcher | Health Data Analyst

Amman, Jordan | Ahmadomarabobader@gmail.com | linkedin.com/in/ahmad-abubader-467b951a5

PROFESSIONAL SUMMARY

General dentist (DDS, University of Jordan, 2024) combining clinical practice with public health research and health data analytics. Experience designing community oral health surveys, conducting needs assessments in refugee and underserved populations, and building offline-capable digital data collection pipelines, dashboards, and monitoring and evaluation (M&E;) tools for low-resource settings. Passed the INBDE (US National Board Dental Examination). Certified in Advanced Data Analytics (USAID / Correlation One).

PROFESSIONAL EXPERIENCE

General Dentist - Private Dental Practice, Amman, Jordan | 2025 - Present

- Provide comprehensive general dental care including restorative, endodontic, surgical, and preventive treatment.
- Deliver patient education and preventive oral health counseling across diverse patient populations.

Dental Intern - Royal Medical Services, Amman, Jordan | 2024 - 2025

- Completed supervised clinical rotations in a high-volume military hospital dental department.

Dental Intern - Ministry of Health, Jordan | 2024 - 2025

- Completed clinical internship in public-sector dental clinics serving underserved communities.

COVID-19 Health Screener - Queen Alia International Airport, Amman, Jordan | 2021 - 2022

- Performed health screening operations and supported infection control protocols during the COVID-19 response.

RESEARCH EXPERIENCE

Lead Researcher - Cross-Sectional Study on Dental Magnification (n = 802) | 2025 - Present

- Designed and led a multi-site survey of 802 dental students on awareness and use of dental magnification.
- Performed statistical analysis, data visualization, and manuscript preparation for journal submission.

Field Researcher - Community Oral Health Surveys, Jordan | 2024 - Present

- Conducted oral health needs assessments in refugee and underserved community settings.
- Built an automated, offline-capable data collection pipeline (KoBoToolbox, n8n, Google Sheets) feeding a live monitoring dashboard.

EDUCATION

Doctor of Dental Surgery (DDS) - University of Jordan, Amman, Jordan | 2024
